Mission Statement

The primary mission of the office of the registrar is to ensure the accuracy, integrity, and security of the academic records of the Missouri University of Science and Technology. In addition, the office will strive to provide quality service to students, alumni, faculty, staff, and other constituents of the university. To this end, the office will attempt to utilize available technology to deliver services and information in an efficient manner. Further, the office will seek to interpret and apply the academic policies and regulations of the university for the benefit of the institution and its constituents.

These statements are set forth as guidelines and procedures to implement the University of Missouri policy on student records developed from the Family Educational Rights of Privacy Act 1974 (FERPA).

The Missouri University of Science and Technology as charged in the act will annually inform its eligible students by including in the academic regulations and the general catalog the following information:

1. “Educational records” are those records, files, documents, and other materials which contain information directly related to a student and are maintained by the university. Those records made available under FERPA are student financial aid, the student’s cumulative advisement file, student health records, disciplinary record, the admissions file, and the academic record. The Missouri University of Science and Technology “educational records” do not include:
   A. Records of instructional, supervisory, and administrative personnel and educational personnel ancillary thereof which are in the sole possession of the maker thereof and which are not accessible or revealed to any other person except a substitute.
   B. The records and documents of the University of Missouri police department that are maintained solely for law enforcement purposes and are not available to persons other than law enforcement officials of the same jurisdiction.
   C. In the case of persons who are employed by the university but are not in attendance at the university, records made and maintained in the normal course of business which relate exclusively to such person and person’s capacity as an employee where the records are not available for any other purpose.
   D. All records on any university students which are created and maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity, or assisting in that capacity, and which are created, maintained, or used only in connection with the provision of treatment to the student, and are not available to anyone other than persons providing such treatment, provided, however, that such records can be personally reviewed by a physician or other appropriate professional of the student’s choice.

2. The Missouri University of Science and Technology recognizes “directory information” to be the student’s name, e-mail address, address, telephone listing (including local and permanent address), major field of study, participation in officially recognized activities and sports, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by a student, student level, and full- or part-time status. All students must inform the Registrar’s Office before the end of the two-week period following the first day of classes for fall and spring semesters, and before the end of the one-week period following the first day of classes for summer session, that this information should not be released without the student’s prior consent. The information listed above will become directory information if the student does not notify the Registrar’s Office as specified.

3. Missouri University of Science and Technology students have access to the educational records identified in paragraph one above. In accordance with Pub. L. 93-380, as amended, the Missouri University of Science and Technology will not make available to students the following material:
   A. Financial records of the parents of students or any information contained therein.
   B. Confidential letters and statements of recommendation which were placed in the education records prior to January 1, 1975, if such letters or statements are not used for the purpose other than those for which they were specifically intended.
   C. Confidential recommendations respecting admission to the university, application for employment, and receipt of an honor or honorary recognition, where the student has signed a waiver of the student’s rights of access as provided in 6.0404 the university policy on student records.

4. The director of financial aid, the appropriate academic department chair, the director of the student health service, the vice chancellor for student affairs, the director of admissions, and the registrar are the officials responsible for the maintenance of each type of record listed in paragraph one.

5. Any student may, upon request, review his or her records and if inaccurate information is included, may request the expunging of such information from his or her file. Such inaccurate information will then be expunged upon authorization of the official responsible for the file.

6. Students desiring to challenge the content of their record may request an opportunity for a hearing to challenge the content of his or her educational record in order to ensure that the record is not inaccurate, misleading or otherwise in violation of the privacy or other rights of the student, and to provide an opportunity for the correction of deletion of any such inaccurate, misleading, or otherwise inappropriate data contained therein and to insert into such records a written explanation respecting the content of such records.

7. The university official charged with custody of the records will attempt to settle informally any disputes with any student regarding the content of the university’s educational records through informal meeting and discussions with the student.

8. Upon request of the student or the university official charged with custody of the records of the student, a formal hearing shall be conducted, as follows:
   A. The request for a hearing shall be submitted in writing to the campus chancellor who will appoint a hearing officer of a hearing committee to conduct the hearing.
   B. The hearing shall be conducted and decided within a reasonable period of time following the request for the hearing. The parties
shall be entitled to ten days prior written notice of the item and place of the hearing.
C. The hearing shall be conducted and the decision rendered by an appointed hearing official or officials who shall not have a direct interest in the outcome of the hearing.
D. The decision shall be rendered in writing within a reasonable period of time after the conclusion of the hearing.
E. Either part may appeal the decision of the hearing official or officials to the campus chancellor. Appeal from the chancellor’s decision is to the president of the Board of Curators.
9. The Missouri University of Science and Technology may permit access to or release the educational records without the written consent to a school official with legitimate educational interest. A school official is determined to have legitimate educational interest if the information requested is necessary for that official to (a) perform appropriate tasks that are specified in his or her position or by a contract agreement; (b) perform a task related to a student’s education; (c) perform a task related to the discipline of a student; (d) provide a service or benefit relating to the student or student’s family, such as health care, counseling, job placement or financial aid.
10. If any material or document in the educational record of a student includes information on more than one student, they may inspect and review only such part of such material or document as relates to him or her or to be informed of the specific information contained in such part of such material.
11. Students desiring reproduction of copies of educational records will be charged $.10 per page. Official copies of transcripts are $10.00 per copy for currently enrolled students and alumni.

University Communications to Students
Each student, once initially admitted, will be issued a Missouri S&T e-mail account with an address on the mst.edu domain. This is the account used for official university business and official university communications to students. Students are expected to regularly check their Missouri S&T e-mail account for university communications and are responsible for communications sent to this account. Therefore, communications sent to this account will be considered to have fulfilled any university obligation for notification.

Application for Graduation
Students planning on graduating must do the following:

• Check application deadlines for semester in which you are applying for graduation
• Fill out the online application for graduation form found in Joe‘SS and submit through the online process

A $75 graduation fee is assessed to all students who have applied as a candidate for graduation. This fee will be charged to the student account after submitting an application for graduation.

Schedule of Classes
The most current information regarding the schedule of classes is located in Joe‘SS at https://joess.mst.edu.

Course Information
The number in parentheses following the name of the course indicates the number of credit hours given for successfully completing the course. It also reflects the section type; for example, (LEC 3.0) designates a lecture course of three hours credit; (LAB 1.0) designates a laboratory course of one-hour credit, (RSD 2.0) designates a recitation, seminar, discussion of two hours credit, and (IND 0.0-15.0) designates independent study or research with variable hours. A lecture credit hour is usually the credit granted for satisfactorily passing a course of approximately 15 classroom hours. A laboratory course of one-hour credit would normally meet three classroom hours per week for 15 weeks.

Three credit hour courses normally meet 50 minutes three times per week, or 75 minutes twice a week, for 15 weeks. The time in class is the same in each case. If you have two classes in succession, there should be at least ten minutes between classes. Classes meeting Monday-Wednesday-Friday will normally begin on the hour. Classes meeting Tuesday-Thursday will normally alternate between the hour and half hour, beginning at 8:00 a.m.

Students must have completed the stated prerequisite(s) for the course for admission to the course or obtain the ‘consent of the instructor’ of the course.

Course Numbers
This section has been prepared to give you a listing and description of the approved courses at the Missouri University of Science and Technology. Courses listed are those approved at the time this publication went to press. Changes are made at regular intervals. Electronic catalog descriptions, which are updated during the academic year, are available through Joe‘SS at http://registrar.mst.edu. This will enable you to keep abreast of new course additions. For current information on when courses are available, consult class offerings available through Joe‘SS.

</tbody>
</table>

Absence from Class
Work missed due to absence from class must be made up to the satisfaction of the instructor concerned. Excessive absences from class may result in the student being dropped from the course at the request of his or her instructor.

Missouri S&T Grade Reports on the Web
Students may obtain their grades on the web through Joe‘SS. Students who desire a paper copy of their grade report should contact the registrar’s office.

Certification of Enrollment Status
Certifications of enrollment status should be requested through Joe‘SS at https://joess.mst.edu. Certification of full-time or half-time status is based on the number of credit hours for which the student is enrolled and includes courses in which the student is enrolled as a hearer, with one exception. Hearer courses are not included for international student status, as defined by SEVIS.
For graduate students, full-time is based on at least 9 credit hours; half-time is at least four credit hours during the regular fall and spring term. For the summer term full-time is three credit hours and half-time is at least two credit hours.

**Grading System**

The following system of grades is used:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points Per Credit Hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>A-Excellent</td>
<td>4</td>
</tr>
<tr>
<td>B-Superior</td>
<td>3</td>
</tr>

<tr>
<td>U- Unsatisfactory</td>
<td>Indicates credit has not been earned for the course scheduled</td>
</tr>
<tr>
<td>DL-Delayed</td>
<td>Permissible for ongoing research</td>
</tr>
<tr>
<td>Y</td>
<td>No grade available</td>
</tr>
</tbody>
</table>

Grades of “S” and “U” are used for research (6099), internship (5085/6085) and continuous registration (6050). Grades of S and U are also permitted for special problems (3000/4000/5000/6000) and seminar (3010/4010/5010/6010).

The purpose of the "I" grade is to allow a student to complete a course when, due to illness or unavoidable absence within the last four weeks (three weeks of classes plus finals weeks) of a fall or spring semester or within the last week and a half plus the final exam period of an eight-week summer session, he/she would otherwise be unable to do so. The intent is to provide a means for completing a course without having to retake the entire subject for lack of fulfillment of one or two requirements of the course.

Graduate students cannot take courses with a pass/fail grading option. “D” grades are not permitted for graduate students.

For a complete explanation of grades and grading options refer to the Student Academic Regulations handbook at: http://registrar.mst.edu/academicregs/index.html.
