

MISSOURI INSTITUTE FOR COMPUTATIONAL AND APPLIED MATHEMATICAL SCIENCES

Rolla Building

John R. Singler (Director)

The interweaving of computational sciences and mathematics remains one of the most significant driving forces in the development of science and technology. The institute promotes the development of multidisciplinary research communities engaging applied mathematicians, computational scientists and engineers in innovative research on important scientific and technological problems. In pursuit of its mission, the institute supports research, provides educational opportunities at all levels, and serves as a resource for the state in support of high-technology industrial development.
