PREHEALTH PROFESSIONS

Missouri S&T has several programs of study, which prepare students for success in the professional schools of human medicine, veterinary medicine, dentistry, and related areas of health-care. Degree programs in biological sciences, chemistry, and chemical and biochemical engineering offer all the coursework necessary for admission to health profession schools. Advising of students desiring a pre-health profession background is conducted by Missouri S&T Pre-Health Professions Advisory Committee in conjunction with the student's department advisors. Interested students may inquire with Dr. Katie Shannon, biological sciences department, who chairs the Pre-Health Professions Advisory Committee. Students interested in health professions are strongly encouraged to obtain shadowing and volunteer experience in their desired profession as early as possible.

Premedicine Minor

It is recommended that students seeking the Pre-Medicine minor declare their intentions as soon as possible. Students completing the Pre-Medicine minor curriculum in addition to their BA/BS curriculum will have completed all requirements for admission to most Medical, Dental, Veterinary or other health profession programs. However, it is important to consult with a member of the Pre-Health Professions Advisory Committee to ensure you are completing the necessary coursework for your desired profession. The Pre-Medicine minor is not intended for a student majoring in Chemistry, Biological Sciences or Chemical and Biochemical Engineering which already offer a Pre-Medicine approved curriculum. Required courses for the Pre-Medicine minor are:

BIO SCI 1213 & BIO SCI 1219 or BIO SCI 1113 & BIO SCI 1219
Principles of Biology and General Biology Lab and General Biology Lab

BIO SCI 2213 & BIO SCI 2219
Cell Biology and Cell Biology Laboratory

CHEM 1310 & CHEM 1319 & CHEM 1320 & CHEM 1100
General Chemistry I and General Chemistry Laboratory and General Chemistry II and Introduction To Laboratory Safety & Hazardous Materials

CHEM 2210 & CHEM 2219 & CHEM 2220 & CHEM 2229
Organic Chemistry I and Organic Chemistry I Lab and Organic Chemistry II and Organic Chemistry II Lab

PHYSICS 1145 & PHYSICS 1119 & PHYSICS 1111 & PHYSICS 1119
General Physics I and General Physics Laboratory General Physics I and General Physics Laboratory

PHYSICS 2145 & PHYSICS 2119 & PHYSICS 2111 & PHYSICS 2119
College Physics II and General Physics Laboratory General Physics II and General Physics Laboratory

Mathematics two semesters to include:

MATH 1208 or MATH 1212 or MATH 1214
Calculus With Analytic Geometry I Business Calculus Calculus For Engineers I

One of the following courses (taking all four courses is strongly encouraged):

BIO SCI 2223
General Genetics

BIO SCI 3333
Human Anatomy and Physiology I

BIO SCI 3343
Human Anatomy and Physiology II

CHEM 4610
General Biochemistry

Katie B Shannon, Teaching Professor
PHD Harvard Medical School

PREMED 1211 Introduction To Health Careers (LEC 1.0)
This course is for Pre-Medicine students or other interested in careers in the health care industry. Students will be introduced to different career options through invited speakers and independent research. Prerequisite: Admission Requirements.

PREMED 3010 Communication Workshop for the Pre-Health Student (RSD 1.0)
This course is for Pre-Medicine students or others interested in careers in the health care industry or graduate studies. Students in this course will learn and develop writing and speaking skills necessary for success in health and science careers. Prerequisite: Junior Standing.
