STUDENT DIVERSITY PROGRAMS (SDP)

The mission of student diversity programs’ (SDP) office is to assist in actively supporting students from ethnic populations that have been under-represented in science and engineering professions. The staff supports programming that will better ensure minority student success on campus and after graduation. The office also helps promote awareness about diversity-related issues to the campus community.

SDP through its programs, partnerships and ongoing assessments of the learning, styles and personality traits will foster an academic environment that will ensure our students success. Through execution of these initiatives, the university will develop a pool of committed and gifted Missouri S&T’s ambassadors which could be utilized to recruit other underrepresented minority students to the campus.

SDP through its programs, partnerships and ongoing assessments of the learning, styles and personality traits will foster an academic environment that will ensure our students success. Through execution of these initiatives, the university will develop a pool of committed and gifted Missouri S&T’s ambassadors which could be utilized to recruit other underrepresented minority students to the campus.

Activities include (but are not limited to) academic recognition events, off and on campus recruitment programs, mentoring, leadership and professional development and scholarships.
