Students must submit records including:

- **Two Measles, Mumps, Rubella Vaccines (MMR).** The first one must be done after age 12 months; the second at least 30 days later.

- **One Meningitis Vaccine,** given after age 16. Missouri Senate Bill 754 states, "each student attending a public institution of higher education who lives in on-campus housing must receive the meningococcal vaccine unless he or she has a medical or religious exemption". Vaccination strongly recommended for all university students. You will not be allowed to move into campus housing if we have not received your meningitis immunization documentation. More information about the meningitis vaccine and disease can be found on the Student Health Website.

- **Tuberculosis Screening Form for New Students.** This form must be completed by all students. Student Health staff will review and contact you if further testing is necessary.
