

STUDENT INVOLVEMENT

Student Involvement encourages active engagement in our community in means which complement classroom learning, <http://involvement.mst.edu/>.

There are over 200 academic, honorary, professional, intercultural, media, programming, governing, sport, faith based, service, fraternity/sorority and design teams on campus. For more information about any recognized organization, or how to get involved on campus, contact the department of student involvement at 573-341-6771 or <http://involvement.mst.edu/>.

We realize that our impact goes far beyond our campus. As a result, the office of student involvement is committed to contributing to the betterment of our local, surrounding, and global communities. We do this by facilitating opportunities for students to actively engage through service, all of which is possible due to the mutually beneficial partnership that exists between community organizations and the University. Learn how to get involved in volunteer activities by watching campus announcements for opportunities in the Student eConnection. For more information on how you can get involved in volunteerism and service, please contact the Department of Student Involvement, 218 Havener Center, at 573-341-6771 or involvement@mst.edu.
