

MISSOURI S&T-ST. LOUIS

Missouri S&T-St. Louis Facility

Missouri S&T-St. Louis provides graduate programs in various engineering and computer-oriented disciplines. For more than 50 years, Missouri S&T-St. Louis has been educating some of the best leaders and professionals in the greater St. Louis area. Almost 3,000 S&T students have taken classes through Missouri S&T-St. Louis to earn their master's degrees. Classes at the St. Louis facility are taught by prominent educators, former deans and department chairs with real-world experience. Courses are offered face-to-face, with some being live streamed, recorded and archived for future review and access.
