

ACADEMIC SUPPORT

Student Success Center

The Student Success Center (SSC) supports student development through individualized tutoring, peer-to-peer life skill coaching, and campus programming. The SSC was developed to provide additional academic support and help bolster nonacademic life skills.

The SSC employs Student Success Coaches and Academic Tutors. Success Coaches help students identify goals, create individualized study plans, build life skills, and offer support throughout their academic journey. Academic Tutors assist students with course concepts, homework assignments, and test preparation for over 60 S&T courses. Tutoring is available on a walk-in basis during the fall and spring semesters, Monday through Friday, with no appointment necessary. Together, Success Coaches and Academic Tutors provide supplemental assistance and promote an inclusive environment for Miners to learn and grow.

All undergraduate Miners are encouraged to utilize the SSC's free services to get timely support and enhance their S&T Miner Experience. For more information, visit our website at <https://ssc.mst.edu> (<https://ssc.mst.edu/>), email us at ssc@mst.edu, or stop by 117 Innovation Lab.

Knack Tutoring

In addition to the regular walk-in tutoring provided by the SSC, enrolled S&T undergraduate students can receive **free** scheduled tutoring assistance from peers who have successfully completed the course. Tutoring is available both online through the Knack platform and in person on campus, with flexible scheduling options. If you've excelled in a course, consider becoming a Knack Tutor to support your fellow Miners! For more information, visit <https://mst.joinknack.com> (<https://mst.joinknack.com/>).

Group Sessions (formerly LEAD)

Group Sessions provide structured, discipline-based academic support through learning centers and scheduled review sessions for foundational and upper-level courses. These sessions are led by trained peer instructors in collaboration with course faculty and offer an efficient way to improve understanding and mastery of course material in an open, welcoming environment. View the current schedule for Group Sessions at <https://ssc.mst.edu/sttutoring/groupsessions/>.
