

STUDENT SUPPORT AND COMMUNITY STANDARDS

Student Support and Community Standards knows student life can be difficult. During your time at Missouri S&T, you, a friend, or peer may need help navigating the student experience, facing a challenge, or experiencing distress and could benefit from support and connection to resources. You are not alone. We have a dedicated team and numerous resources and services to support you, a friend, or a peer.

UCARE

UCARE is the central point of contact to connect a student who may be experiencing a personal, academic, financial, well-being, and/or other concern to support and resources. Sharing your concern with UCARE helps connect a student with solution-focused assistance to support their holistic success, well-being, and academic progress. A referral can be submitted by utilizing the UCARE Referral (<https://studentsupport.mst.edu/ucarereferrals/>) resource.

Care Management Services

Care management supports students throughout their experience at S&T. By identifying immediate needs, connecting with appropriate resources, and working to develop a personalized support plan, the care manager helps students face challenges and supports their overall well-being and success.

- Assistance navigating the student experience
- Resource connection
- Referral services
- Coordination of care
- Absence and leave support
- Student Emergency Fund
- Coaching and success planning
- UCARE support

Student Emergency Fund

Assists students by providing financial support for unexpected, emergency expenses. The goal of this fund is to prevent one small emergency or unexpected expense from derailing a student's progress toward degree completion. To learn more or apply online visit <https://studentsupport.mst.edu/supportresources/emergency-fund/>.

Urgent and Emergency Services

- Urgent and After-Hours Assistance
- Help connect students to support by referring your concern
- Coordination of care after hospitalization or leave
- Absence Notifications
- Student Emergency Fund
